

Contract Action Team Commitment

We are in a fight for the future of our students and our profession. We will need every member, in every corner of our union, to be active in our contract campaign and in defending our rights at the school site. Contract Action Teams (CAT) are being formed in every UTLA chapter. These teams will divide up the work of communicating with UTLA members in the chapter with each member taking responsibility for communicating with colleagues that they see regularly.

As a Contract Action Team Leader, I will:

- Meet regularly with my chapter chair and fellow CAT members
- Take responsibility for communicating with a set group of members about the UTLA contract campaign
- Mobilize my co-workers to take action as a union in support of our contract campaign and to defend our rights at the school site
