

Request a Presentation for BSAP/Mental Health Survey

UTLA and its partners in Reclaim Our Schools LA and in the Police-Free LAUSD Coalition are disseminating a student/parent survey <https://bit.ly/bsapsurvey> to assess how BSAP resources, mental health resources, and community-based safety resources are showing up for LAUSD students & parents. We'll be using the results to help push the district to invest more in these areas, including meeting our related demands in the Beyond Recovery Platform. We are asking ALL LAUSD EDUCATORS to help disseminate this survey to the students and parents you're connected with.

FILL THIS OUT <http://bit.ly/utlarequest> if you would like a presenter from one of our partner organizations to come to your classroom, present the survey to students for 5-7 minutes, and encourage them to complete it. We will do our best to connect you with an organizer from one of our partner organizations in your area.
