

UNITED IN OUR STRUGGLE

Our schools and communities have been neglected and underfunded for far too long.

Now, with a historic amount of funding and over \$3 billion in district reserves, LAUSD has no excuse.

As 34,000 UTLA members, we are united and ready to fight for our Beyond Recovery Platform and the needs of our students, educators, and classrooms:

- 1. Pay increases to close the educator pay gap**
- 2. Smaller class sizes and more student support staffing**
- 3. An end to over-testing**
- 4. Equity for schools and communities**
- 5. Expanded Community Schools and targeted supports**

We reject LAUSD's PR stunt adding 4 "accelerated" days, without parent and educator input or any clear plan, and extending the school year further into the summer. If LAUSD continues refusing to negotiate fairly and moves forward in implementing the new calendar, we will take action:

- **Those of us who are C-Basis will not volunteer for work on October 19 and will hold a rally** for our Beyond Recovery Platform.
- **Those of us who are A, B, and E-Basis will engage in parent outreach on October 19** to share why we are taking action.

WE UNDERSTAND OUR VALUE, WE UNDERSTAND OUR POWER, AND WE ARE UNITED IN OUR STRUGGLE.
