Ysabel Jurado
LA CITY COUNCIL DISTRICT 14

JUSTICE REFORMER

George Gascón
DISTRICT ATTORNEY

 **YES on
Measure US**

The \$9-billion LAUSD construction bond would pay for desperately needed projects, such as HVAC upgrades, lead pipe replacement, green schoolyards, earthquake proofing, ADA compliance, and internet connectivity. Measure US would be paid disproportionately by LA's biggest property owners, including oil and gas companies and real estate firms. Additionally, the bond would relieve pressure on LAUSD's general fund and free up more reserves for educator and student needs.

 **YES on
Measure A**

Measure A would create the first permanent revenue source in LA County for guaranteed long-term funding for solutions to LA's housing crisis by replacing a sunseting sales tax. Revenue from Measure A would be used to increase and accelerate the development of affordable housing, and fund emergency shelters, mental health services, substance abuse prevention services, emergency rental assistance, and tenant legal services across LA County.
