

MORNING SCHOOL SITE PICKETS SEPT. 16

LAUSD continues to say no to the Win Our Future contract demands, despite having \$4.9 billion in reserves — the largest amount of any school district in the country.

On September 16 we show that UTLA members are united and we will not back down on our demands:

- Protect our healthcare — no cuts!
- Fix the broken salary structure, with an average pay increase of 21% over two years
- Support and resources for Special Ed inclusion
- More prep time and compensation for additional work
- Targeted class size reduction
- More PSAs, PSWs, School Psychologists, and Counselors
- Support for immigrant students and families
- \$100 a day to educators for all class size and staffing violations
- More support for BSAP and Community Schools
- HVAC upgrades and shade and playgrounds on every campus
- More support for LGBTQIA+ students and staff
- Housing supports for families
- And other demands

**I will join my colleagues and picket in front of school on
Tuesday morning, September 16.**
