

EVERY VOTE COUNTS FOR THE FIGHT AHEAD

LAUSD has declared a financial crisis and is calling for layoffs, healthcare cuts, furlough days, and cuts to our schools. We're not going to let them balance the budget on the backs of educators, students, and families. Winning in November will help us fight back.

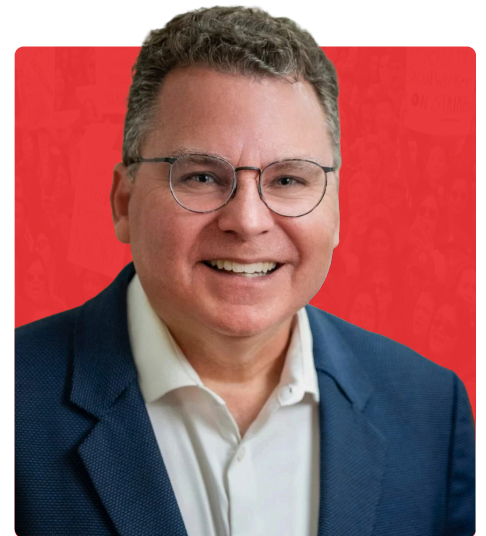

Yes on Prop 3

Proposition 3 would protect \$839 million in annual funding for LAUSD schools by permanently extending the existing tax on the 2% highest-income earners in the state.

Elect Richard Barrera for State Superintendent of Public Instruction

Los Angeles County Office of Education (LACOE) is threatening to take over decision-making at LAUSD to punish educators for winning raises, staffing, and support for students.

The SPI position oversees public education agencies including LACOE. **We need an ally in Sacramento working with educators.**

Build Local Power

As City Attorney, **Marissa Roy** will protect students and families from slum lords. She will hold corporations accountable for public safety and the pollution of our schools and neighborhoods.

In City Council District 9, **Estuardo Mazariegos** will work to protect immigrant students and families, limit rent increases, and take on the housing crisis.

UTLA VOTER GUIDE

WE'RE DOOR KNOCKING FOR
