NO CUTS. NO FURLOUGHS. NO TAKEBACKS.

LAUSD's Fiscal Stabilization Plan is no plan for our schools. The district plan calls for $560 million in cuts in the 2027-2028 school year, putting **more than 1,200 UTLA positions on the chopping block**, along with furlough days, increased healthcare costs, and cuts to critical student programs and services.

We must build collective power to stop these cuts, fight for more state funding, and win a contract platform that moves our schools forward. When we organize together, we can force the district to back down from harmful decisions and put students and educators first.

Chapter:

Note for Chapter Leaders:
Please scan/take a picture of this form, email it to schoolsitepower@utla.net, and CC your staff area rep.

Name	Employee ID Number	**Yes, I commit** to fighting against furlough days and health insurance cost increases, and to ensuring that educator jobs, student services, and programs are protected.	**To do this, I will picket on December 15.**
